PROFESSIONAL SUMMARY

B.Tech Computer Science student at VIT Vellore with experience building full-stack applications using React, TypeScript, and Supabase, along with cloud computing (AWS & Oracle OCI) and generative AI. Skilled in Python, JavaScript, SQL, and Java through coursework, certifications, and projects. Strong problem-solving, teamwork, and communication skills.

EDUCATION

B.Tech Computer Science & Engineering 2024 - 2028

Vellore Institute of Technology (VIT), Vellore | CGPA: 8.38/10

- Relevant coursework: Data Structures & Algorithms, Theory of Computation, Computer Architecture, Operating Systems, Computer Networks
- Studied Spanish as an additional language

High School (PCM + Computer Science) Graduated 2024

Delhi Public School Greater Faridabad, Sector 81

TECHNICAL PROJECTS

CURO – AI-Powered Career Assistant 2026

React, TypeScript, Supabase, TanStack Start, Vercel

- Built a full-stack AI career platform using React, TypeScript, Supabase, and TanStack Start to assist users with career guidance, resume building, and interview preparation.
- Implemented secure authentication and database management using Supabase.
- Integrated AI APIs to generate personalized resume feedback and career recommendations based on user input.
- Deployed and maintained the production build and environment configuration on Vercel.
- [View Live Project ↗](#)

- Built an interactive platform to help college students find compatible roommates based on preferences and lifestyle criteria.
- Designed and implemented the entire frontend architecture using HTML, CSS, and JavaScript, delivering a seamless, responsive user experience.
- Collaborated with team members on feature design and iterative UI/UX improvements, applying agile development practices.
- Deployed the live application; [View Live Project ↗](#)

CERTIFICATIONS

Certification	Issuing Body	Date	Link
AWS Certified Cloud Practitioner (CLF-C02)	AWS Training & Certification	May 2026	View ↗
AWS Cloud Practitioner Essentials	AWS Training & Certification	May 2026	View ↗
AWS Technical Essentials	AWS Training & Certification	May 2026	View ↗
AWS Academy: Generative AI Foundations (12 hrs)	AWS Academy	May 2026	View ↗
OCI 2025 Certified Generative AI Professional	Oracle University	May 2026	View ↗
OCI 2025 Certified AI Foundations Associate	Oracle University	May 2026	View ↗

LEADERSHIP & EXPERIENCE

- Led a house team of students, coordinating academic and extracurricular events throughout the school year.
- Acted as the primary liaison between students and faculty, facilitating event planning, scheduling, and communications.
- Strengthened conflict resolution and public speaking skills through regular inter-house competitions and assemblies.

- Completed a virtual job simulation focused on data analysis and consulting-based problem solving.
- Worked on interpreting datasets and deriving insights using analytical approaches.

TECHNICAL SKILLS

Languages	Python, Java, C/C++, JavaScript, SQL, HTML/CSS
Frameworks & Frontend	React, TypeScript, TanStack Start
Backend	REST APIs, Supabase
Databases	MySQL, SQL
Cloud & AI	AWS Cloud, Oracle Cloud Infrastructure (OCI), Generative AI, Prompt Engineering
Concepts	Object-Oriented Programming (OOP), Database Management Systems (DBMS), Data Structures & Algorithms, Operating Systems, Computer Networks, Web Development
Tools	Git & GitHub, VS Code, Vercel, Data Analytics Platforms
Soft Skills	Leadership, Team Collaboration, Cross-functional Communication, Event Management
Spoken Languages	English (Fluent), Hindi (Native), Spanish (Intermediate)
